MUSIC FOR WEDDINGS AND SPECIAL MOMENTS

LIVE VOCALS & GUITAR / DJ

From the first arrival to the last dance.

A little soul.
A lot of celebration.

Hello, I’m Daniel.

Singer, guitarist, DJ — and a bit of a music nerd. I sang at my brother’s wedding and was hooked. There’s something pretty special about being part of a moment people will remember for the rest of their lives.

My approach is simple: get to know you, find the songs that matter, and give each part of the day room to breathe. A quiet acoustic set, a first dance, a room full of people singing along — I love all of it.

“Daniel was amazing, communication was clear and his voice is amazing.”
